

ANALYSIS_ID ANALYSIS_NAME
 STRATUM_1_NAME

- 0 Source name
- 1 Number of persons
- 2 Number of persons by gender
 gender_concept_id
- 3 Number of persons by year of birth
 year_of_birth
- 4 Number of persons by race
 race_concept_id
- 5 Number of persons by ethnicity
 ethnicity_concept_id
- 7 Number of persons with invalid provider_id
- 8 Number of persons with invalid location_id
- 9 Number of persons with invalid care_site_id
- 10 Number of all persons by year of birth by gender
 year_of_birth
- 11 Number of non-deceased persons by year of birth by gender
 year_of_birth
- 12 Number of persons by race and ethnicity
 race_concept_id
- 101 Number of persons by age, with age at first observation period
 age
- 102 Number of persons by gender by age, with age at first observation period
 gender_concept_id
- 103 Distribution of age at first observation period
- 104 Distribution of age at first observation period by gender
 gender_concept_id
- 105 Length of observation (days) of first observation period
- 106 Length of observation (days) of first observation period by gender
 gender_concept_id
- 107 Length of observation (days) of first observation period by age decile
 age decile
- 108 Number of persons by length of observation period, in 30d increments
 Observation period length 30d increments
- 109 Number of persons with continuous observation in each year
 calendar year
- 110 Number of persons with continuous observation in each month
 calendar month
- 111 Number of persons by observation period start month

calendar month
 112 Number of persons by observation period end month
 calendar month
 113 Number of persons by number of observation periods
 number of observation periods
 114 Number of persons with observation period before year-of-birth
 115 Number of persons with observation period end < observation period start
 116 Number of persons with at least one day of observation in each year by gender and age decile
 calendar year
 117 Number of persons with at least one day of observation in each month
 calendar month
 118 Number of observation periods with invalid person_id
 119 Number of observation period records by period_type_concept_id
 period_type_concept_id
 200 Number of persons with at least one visit occurrence, by visit_concept_id
 visit_concept_id
 201 Number of visit occurrence records, by visit_concept_id
 visit_concept_id
 202 Number of persons by visit occurrence start month, by visit_concept_id
 visit_concept_id
 203 Number of distinct visit occurrence concepts per person
 204 Number of persons with at least one visit occurrence, by visit_concept_id by calendar year by gender by age decile
 visit_concept_id
 206 Distribution of age by visit_concept_id
 visit_concept_id
 207 Number of visit records with invalid person_id
 208 Number of visit records outside valid observation period
 209 Number of visit records with end date < start date
 210 Number of visit records with invalid care_site_id
 211 Distribution of length of stay by visit_concept_id
 visit_concept_id
 212 Number of persons with at least one visit occurrence, by calendar year by gender by age decile
 calendar year
 220 Number of visit occurrence records by visit occurrence start month
 calendar month
 221 Number of persons by visit start year
 calendar year
 300 Number of providers
 301 Number of providers by specialty concept_id
 specialty_concept_id
 302 Number of providers with invalid care site id
 400 Number of persons with at least one condition occurrence, by condition_concept_id
 condition_concept_id

- 401 Number of condition occurrence records, by condition_concept_id
condition_concept_id
- 402 Number of persons by condition occurrence start month, by condition_concept_id
condition_concept_id
- 403 Number of distinct condition occurrence concepts per person
- 404 Number of persons with at least one condition occurrence, by condition_concept_id by calendar year by gender by age
decile condition_concept_id
- 405 Number of condition occurrence records, by condition_concept_id by condition_type_concept_id
condition_concept_id
- 406 Distribution of age by condition_concept_id
condition_concept_id
- 409 Number of condition occurrence records with invalid person_id
- 410 Number of condition occurrence records outside valid observation period
- 411 Number of condition occurrence records with end date < start date
- 412 Number of condition occurrence records with invalid provider_id
- 413 Number of condition occurrence records with invalid visit_id
- 420 Number of condition occurrence records by condition occurrence start month
calendar month
- 500 Number of persons with death, by cause_concept_id
cause_concept_id
- 501 Number of records of death, by cause_concept_id
cause_concept_id
- 502 Number of persons by death month
calendar month
- 504 Number of persons with a death, by calendar year by gender by age decile
calendar year
- 505 Number of death records, by death_type_concept_id
death_type_concept_id
- 506 Distribution of age at death by gender
gender_concept_id
- 509 Number of death records with invalid person_id
- 510 Number of death records outside valid observation period
- 511 Distribution of time from death to last condition
- 512 Distribution of time from death to last drug
- 513 Distribution of time from death to last visit
- 514 Distribution of time from death to last procedure
- 515 Distribution of time from death to last observation
- 600 Number of persons with at least one procedure occurrence, by procedure_concept_id
procedure_concept_id
- 601 Number of procedure occurrence records, by procedure_concept_id
procedure_concept_id
- 602 Number of persons by procedure occurrence start month, by procedure_concept_id
procedure_concept_id

603 Number of distinct procedure occurrence concepts per person
 604 Number of persons with at least one procedure occurrence, by procedure_concept_id by calendar year by gender by age
 decile procedure_concept_id
 605 Number of procedure occurrence records, by procedure_concept_id by procedure_type_concept_id
 procedure_concept_id
 606 Distribution of age by procedure_concept_id
 procedure_concept_id
 609 Number of procedure occurrence records with invalid person_id
 610 Number of procedure occurrence records outside valid observation period
 612 Number of procedure occurrence records with invalid provider_id
 613 Number of procedure occurrence records with invalid visit_id
 620 Number of procedure occurrence records by procedure occurrence start month
 calendar month
 691 Percentage of total persons that have at least x procedures
 procedure_concept_id
 700 Number of persons with at least one drug exposure, by drug_concept_id
 drug_concept_id
 701 Number of drug exposure records, by drug_concept_id
 drug_concept_id
 702 Number of persons by drug exposure start month, by drug_concept_id
 drug_concept_id
 703 Number of distinct drug exposure concepts per person
 704 Number of persons with at least one drug exposure, by drug_concept_id by calendar year by gender by age decile
 drug_concept_id
 705 Number of drug exposure records, by drug_concept_id by drug_type_concept_id
 drug_concept_id
 706 Distribution of age by drug_concept_id
 drug_concept_id
 709 Number of drug exposure records with invalid person_id
 710 Number of drug exposure records outside valid observation period
 711 Number of drug exposure records with end date < start date
 712 Number of drug exposure records with invalid provider_id
 713 Number of drug exposure records with invalid visit_id
 715 Distribution of days_supply by drug_concept_id
 drug_concept_id
 716 Distribution of refills by drug_concept_id
 drug_concept_id
 717 Distribution of quantity by drug_concept_id
 drug_concept_id
 720 Number of drug exposure records by drug exposure start month
 calendar month
 791 Percentage of total persons that have at least x drug exposures
 drug_concept_id

- 800 Number of persons with at least one observation occurrence, by observation_concept_id
observation_concept_id
- 801 Number of observation occurrence records, by observation_concept_id
observation_concept_id
- 802 Number of persons by observation occurrence start month, by observation_concept_id
observation_concept_id
- 803 Number of distinct observation occurrence concepts per person
- 804 Number of persons with at least one observation occurrence, by observation_concept_id by calendar year by gender by
age decile observation_concept_id
- 805 Number of observation occurrence records, by observation_concept_id by observation_type_concept_id
observation_concept_id
- 806 Distribution of age by observation_concept_id
observation_concept_id
- 807 Number of observation occurrence records, by observation_concept_id and unit_concept_id
observation_concept_id
- 809 Number of observation records with invalid person_id
- 810 Number of observation records outside valid observation period
- 812 Number of observation records with invalid provider_id
- 813 Number of observation records with invalid visit_id
- 814 Number of observation records with no value (numeric, string, or concept)
- 815 Distribution of numeric values, by observation_concept_id and unit_concept_id
- 820 Number of observation records by observation start month
calendar month
- 822 Number of observation records, by observation_concept_id and value_as_concept_id
observation_concept_id
- 823 Number of observation records, by observation_concept_id and qualifier_concept_id
observation_concept_id
- 891 Percentage of total persons that have at least x observations
observation_concept_id
- 900 Number of persons with at least one drug era, by drug_concept_id
drug_concept_id
- 901 Number of drug era records, by drug_concept_id
drug_concept_id
- 902 Number of persons by drug era start month, by drug_concept_id
drug_concept_id
- 903 Number of distinct drug era concepts per person
- 904 Number of persons with at least one drug era, by drug_concept_id by calendar year by gender by age decile
drug_concept_id
- 906 Distribution of age by drug_concept_id
drug_concept_id
- 907 Distribution of drug era length, by drug_concept_id
drug_concept_id
- 908 Number of drug eras without valid person

- 909 Number of drug eras outside valid observation period
- 910 Number of drug eras with end date < start date
- 920 Number of drug era records by drug era start month
calendar month
- 1000 Number of persons with at least one condition era, by condition_concept_id
condition_concept_id
- 1001 Number of condition era records, by condition_concept_id
condition_concept_id
- 1002 Number of persons by condition era start month, by condition_concept_id
condition_concept_id
- 1003 Number of distinct condition era concepts per person
- 1004 Number of persons with at least one condition era, by condition_concept_id by calendar year by gender by age decile
condition_concept_id
- 1006 Distribution of age by condition_concept_id
condition_concept_id
- 1007 Distribution of condition era length, by condition_concept_id
condition_concept_id
- 1008 Number of condition eras without valid person
- 1009 Number of condition eras outside valid observation period
- 1010 Number of condition eras with end date < start date
- 1020 Number of condition era records by condition era start month
calendar month
- 1100 Number of persons by location 3-digit zip
3-digit zip
- 1101 Number of persons by location state
state
- 1102 Number of care sites by location 3-digit zip
3-digit zip
- 1103 Number of care sites by location state
state
- 1200 Number of persons by place of service
place_of_service_concept_id
- 1201 Number of visits by place of service
place_of_service_concept_id
- 1202 Number of care sites by place of service
place_of_service_concept_id
- 1406 Length of payer plan (days) of first payer plan period by gender
gender_concept_id
- 1407 Length of payer plan (days) of first payer plan period by age decile
age_decile
- 1408 Number of persons by length of payer plan period, in 30d increments
payer plan period length 30d increments
- 1409 Number of persons with continuous payer plan in each year

calendar year
 1410 Number of persons with continuous payer plan in each month
 calendar month
 1411 Number of persons by payer plan period start month
 calendar month
 1412 Number of persons by payer plan period end month
 calendar month
 1413 Number of persons by number of payer plan periods
 number of payer plan periods
 1414 Number of persons with payer plan period before year-of-birth
 1415 Number of persons with payer plan period end < payer plan period start
 1700 Number of records by cohort_concept_id
 cohort_concept_id
 1701 Number of records with cohort end date < cohort start date
 1800 Number of persons with at least one measurement occurrence, by measurement_concept_id
 measurement_concept_id
 1801 Number of measurement occurrence records, by measurement_concept_id
 measurement_concept_id
 1802 Number of persons by measurement occurrence start month, by measurement_concept_id
 measurement_concept_id
 1803 Number of distinct measurement occurrence concepts per person
 1804 Number of persons with at least one measurement occurrence, by measurement_concept_id by calendar year by gender by
 age decile measurement_concept_id
 1805 Number of measurement occurrence records, by measurement_concept_id by measurement_type_concept_id
 measurement_concept_id
 1806 Distribution of age by measurement_concept_id
 measurement_concept_id
 1807 Number of measurement occurrence records, by measurement_concept_id and unit_concept_id
 measurement_concept_id
 1809 Number of measurement records with invalid person_id
 1810 Number of measurement records outside valid observation period
 1812 Number of measurement records with invalid provider_id
 1813 Number of measurement records with invalid visit_id
 1814 Number of measurement records with no value (numeric, string, or concept)
 1815 Distribution of numeric values, by measurement_concept_id and unit_concept_id
 1816 Distribution of low range, by measurement_concept_id and unit_concept_id
 1817 Distribution of high range, by measurement_concept_id and unit_concept_id
 1818 Number of measurement records below/within/above normal range, by measurement_concept_id and unit_concept_id
 1820 Number of measurement records by measurement start month
 calendar month
 1821 Number of measurement records with no numeric value
 1822 Number of measurement records, by measurement_concept_id and value_as_concept_id
 measurement_concept_id

1823 Number of measurement records, by measurement_concept_id and operator_concept_id
 measurement_concept_id

1891 Percentage of total persons that have at least x measurements
 measurement_concept_id

1900 Source values mapped to concept_id 0 by table, by source_value
 table_name

2000 Number of patients with at least 1 Dx and 1 Rx

2001 Number of patients with at least 1 Dx and 1 Proc

2002 Number of patients with at least 1 Meas, 1 Dx and 1 Rx

2003 Number of patients with at least 1 Visit

2100 Number of persons with at least one device exposure, by device_concept_id
 device_concept_id

2101 Number of device exposure records, by device_concept_id
 device_concept_id

2102 Number of persons by device records start month, by device_concept_id
 device_concept_id

2104 Number of persons with at least one device exposure, by device_concept_id by calendar year by gender by age decile
 device_concept_id

2105 Number of device exposure records, by device_concept_id by device_type_concept_id
 device_concept_id

2200 Number of persons with at least one note by note_type_concept_id
 note_type_concept_id

2201 Number of note records, by note_type_concept_id
 note_type_concept_id
